Manglayang Regency B1 No.2, RT05 RW24, Desa Cimekar, Kecamatan Cileunyi, Kabupaten Bandung 40623

I am an Informatics student at Institute Technology National Bandung, passionate about web development. With hands-on experience from an internship developing a dynamic content management system and serving as a lab assistant for student practicals, I have honed my skills in creating user-friendly web applications.

Work Experiences

Institute Technology National Bandung - **Bandung, Indonesia**   Feb 2024 - Jun 2024
Laboratory Assistant of Object Oriented Programming and Machine Learning
Guided students in Object-Oriented Programming with Java and database integration, and taught machine learning using Python with libraries like pandas.
